

ACRYSOLV - MULTI-PURPOSE SOLVENT

Cleans excess sealant and prepares surfaces for a better adhesion.

This general-purpose adhesive cleaner is a quick acting multi-purpose solvent, formulated to remove adhesive, silicone, wax, grease, oil, tar, cement and road film and more from metal, vinyl, rubber, glass and cured paint. AcrysolV will not harm most thoroughly cured paint, vinyl, fabrics and plastic surfaces when properly used.

PACKAGING:

UPC Code:	408
Cans per case:	6
Product weight:	946 ml.

DIRECTIONS:

1. Wet a clean cloth with multi-purpose solvent and apply liberally on the surface.
2. Wipe dry while the surface is still wet.
3. Always wipe dry in the same direction, changing clothes frequently to prevent the spreading of contaminants.
